EDINBURGH-(3-DEC-04)...A wildcat strike at the Imperial Naval yards was broken up today by crack Saxon troops under the command of Sir Randolph Spencer Churchill. The strike was presumably in protest against the construction of another Fleet for the war against Germany and Russia. King Edgar III in a speech in London, expressed his intentions to support the lawful regime of Tsar Rurik III, and to restore Kaiser Wilhelm II, to his rightful throne, "The Bolshevik usurpers shall not stand" Declared the King.

TURKEY(WINTER-03), Premier Kardnalsin's government announced that a news black out caused by the Istanbul-Rome "Hot Line" having been wrapped around the neck of E. Barbara Phillips in Vienna. Which temporarily interrupted news in the area. SMUT, The Turkish news service, after hours of silence returned to the air to announce the Government had taken steps to occupy areas in the Balkans as a preventive measure against rumored Austrian treachery. An announcement before the Turkish National Assembly that Turkish troops were at the gates of Moscow and Budapest was greeted with a 3½ Hour standing ovation.

LIVERPOOL(A broad with the 1st  
French Army in Liverpool)-Letters  
arrived home today from the soldiers  
of the 1st French Army in Liverpool,  
that they would not be home for the  
holidays. Due to the fact that the  
Anglo-German-English high command  
was so busy during the Holidays,  
that they forgot that a war was  
going on, and with the results that  
Liverpool fell without a struggle  
or loss of life.

(Continued on Page-Two)

"But I Have promises to keep,  
And miles to go before I sleep,  
and Miles to go before I sleep.

Robert Frost.

Evidently our enemies thought the holiday season was a "Western Monsoon, It is unfortunate we didn't exploit this more to our advantage, but we warn our enemies not to make this mistake in the future, the commander of the 1st French army promised that London will fall in the Winter of 03.

66-AE-BELGIUM...The French admiralty conveyed it's gratitude to the retreating German Army. The 1st Fleet was very pleased to spend the Holidays in Belguim.

Italian Third Army Headquarters-Prague, Bohemia-Xmas-1902...A Ticker-tape parade marked the entrence of the Italian Army of Liberation into Bohemia. "Our boys are ready for the final push" Announced said General Squarrialuppi stroking his metaphons, "We'll be in Munich by late summer and North by next spring" The Military leader exclaimed waving his baton excitedly. It's like writing a piece of music you take one note at a time and bend it, "By the time you are finished you have a symphony.

BRESLAU(1 NOVEMBER 1903)... His Imperial Majesty Frederiek V, Today  
reveiwcd some 3000 Thipdars in the streets of Breslau. The Emergencee  
of the Thipdars from under the Earth last Walpurgis' Eve has caused  
eonsiderable eomment in Germany, and east further diseredit on the  
reporting ability of Edgar Rice Burroughs. Where-as he had reported  
horrible monsters under the earth, the Thipdars proved to be large  
euddly rabbits about 7 feet tall. It is conceded that the Pollutidarians,  
who bear uncommon resemblance to carrots, might find  
them terrifying. However, the German people have taken them to thier  
hearts, and many German familys now have pet Thipdars. The Emperor  
himself has a brace of them, whieh he walks up and down Wilhelm-  
strasse. His Majesty is so delighted with his new pets that he has  
forgiven the unfortunate Honj his upstart invasion of Europe and  
has expressed the hope that more Thipdars will be fortheoming  
to stock the new Imperial Thipdar Breeding Center established near  
Wicsbaden. His Majesty has also invited Honj to the next Easter  
eelebration in Berlin. Out of Defcrenee to the feelings of the  
Emperor of Pollutidar, the eelebration will not feature rabbits.

DIJON, FREE FRANCE(28September 1903):.. In the Impcial Presenee of  
Kaiser Frederiek V, and with the Blessing of true Pope Prophylastus  
the Government of Free Franee was established in Dijon today. As  
triumphant German armies spread through Burgandy, Field Marshal  
Philippe Petain recognized the folly of eontinuing the struggle  
for the defunct and eorrupt" Goverment" of France and declared his  
willingness to co-operate with the progressive German Government  
Today he received a crown at the hands of his Imperial Majesty  
and beeame Philip VIII, King of France and Eleotor of the Holy  
Roman Empire.

66-AC-LUCHINE CASTLE... A wild celebration is planned in antieipation  
of Russia entering the War against the Austrians. Pope Fito  
IV, in a rare press eonference with Vladimir II was optimistie of  
the joint success of both Countries.

66-XA-VIENNA.... The Imperial War Ministry announced that due to  
the uneasy and unsettled situation to the South, an Army was raised  
in Budapest. This should not be taken as threat to any power, and  
particulary, Russia should not feel that her territory of  
Rumania is threatened. Austria has already announced that the  
Danube is the boundry of her territorial ambitions in this region.  
JANUARY, 1903-VENICE

Venetian eitzcns are slowly eoming out of hiding, now that  
they have seen that Austrian occupation is kindly and humane.  
Unfortunately, a large number of Italians troops new to Venice  
Attempted to hide in basements, and consequently drowned. Disposal  
of their bodies has presented the Austrian military command with  
an extreme health problem.
